October 27, 2020

Dear Parent/Guardian of Warren Glen Academy,

As we continue to navigate the details of the COVID-19 virus, and as I have made you aware, we had a confirmed adult test of COVID last week at Warren Glen Academy. Today, we have two more adults reported as positive for a total of three adults. No students as of this writing have reported having been tested positive for COVID. Students and/or adults who have had direct and immediate prolong contact with these individuals and have been asked as a PRECAUTIONARY measure to self-quarantine for the required 14 days.

As an added protection for EVERYONE, the Warren Glen Academy will switch to REMOTE learning beginning Wednesday, October 28 for a 14 day timeframe. **November 12th will be the reopening of school.** During this timeframe there are eight (8) days of schooling due to Teachers Convention and school being closed. Classroom teachers will be in touch with you to initiate distance learning.

We will continue with the sanitary measures of the building each day.

We certainly recognize the hardship for many parents, but we must take the precaution to help ensure the slowing/stoppage of the spread of COVID. We have been in contact with the Warren County Department of Health who have been helpful in their guidance and direction with this matter.

If you have any questions, please contact the school.

Sincerely,

Dr. Randy Pratt
Executive Director
