Dear Warren Glen Parents and Guardians,

New Legislation passed in Trenton and signed by Governor Murphy which direct schools to notify parents when a school security drill has taken place. This does not include fire drills. The Warren Glen Academy conducts two drills per month (including during the Extended School Year) as required by law. One drill is a fire drill. Another drill is a security/safety drill. We have conducted fire and security drills with regularity for more than a decade.

In compliance with the law, "A school district shall provide written notification to the parent or guardian of a student enrolled in the district following the completion of a school security drill, which notice shall be provided to the parent or guardian by no later than the end of the school day on which the school security drill is conducted." We will provide either written notification to come home with your child or we will utilize the phone messaging system to notify you that a security drill has taken place.

There is no action needed on your part. This is what you will read/hear: "Today, in accordance with state law, the Warren Glen Academy conducted a security drill in the manner that we conduct all emergency drills, with seriousness and with sensitivity to our students and staff. Everyone responded appropriately and instruction resumed immediately thereafter."

While this is an unnecessary layer of bureaucratic overreach. We will abide by the statute.

Sincerely,

Dr. Randy Pratt  
Executive Director
