

Meet Alyson Healey, LCSW — Our School Social Worker

We are excited to introduce Alyson Healey, who joined the Warren Glen Academy family as our School Social Worker in September 2025! Alyson has been working in social work since 2009 and brings a wealth of experience, knowledge, and compassion to her role.

Alyson earned her Bachelor of Arts in Social Work, with minors in Sociology and Anthropology, from Elizabethtown College in Pennsylvania. She then went on to earn her Master of Social Work (MSW) from Roberts Wesleyan College in Rochester, New York. In 2018, she became a Licensed Clinical Social Worker (LCSW), continuing her commitment to helping others thrive.

Throughout her career, Alyson has worked in a variety of mental health settings, including community outreach, private practice, outpatient therapy, and intensive outpatient services. She has supported individuals of all ages, from young children to older adults, with a wide range of needs, including developmental disabilities, substance use, trauma, case management, and housing support. Her experience as both a clinician and a manager has given her a well-rounded understanding of how to help individuals navigate challenges and build on their strengths.

Alyson's dedication to her work was recognized in 2024 when she received the New Jersey Psychiatric Rehabilitation Association Supervisor Recognition Award for her outstanding commitment to psychiatric rehabilitation.

At Warren Glen Academy, Alyson brings a calm, caring, and compassionate presence to her work with students. She believes in meeting each student where they are, helping them develop important life skills, build confidence, and work through challenges along the way. Alyson is passionate about helping every student recognize their strengths, grow, and become the best version of themselves.

We are happy to have Alyson as part of the Warren Glen Academy community and look forward to the positive impact she will continue to have on the lives of our students!
